PROFESSIONAL SUMMARY

Backend-focused Full-Stack Developer specializing in **Node.js**, **Express.js**, and **React**, with expertise in developing scalable APIs and database-driven applications.

WORK EXPERIENCES

Software Developer Intern | Internship

Jul 2026 - Aug 2026

Reliance Industries Limited

On-site • Nagothane, Maharashtra

- Contributed to the development of a NAPL Law Compliance System for Reliance Industries Limited, supporting **7+ functional modules** for centralized statutory compliance management.
- Worked across **Law Master, Law Mapping, Compliance Status, Extension Requests, Role Management, Certificates, and Reports**.
- Implemented workflows for tracking **compliance status, due dates, extensions, and overdue activities**.
- Collaborated with the IT team to translate **10+ business requirements** into application features and workflows.
- Contributed to **role-based access control and compliance reporting**, improving visibility across multiple user roles and compliance activities.

Technologies / Skills Used : AngularJs, Express, SQL, SSMS

PROJECTS

Outly — Location-Based Social Networking Platform

Jul 2026 - Present

Developer

- Built a location-based social platform with **20+ PostgreSQL tables** for users, events, chats, reviews, and notifications.
- Developed **30+ REST APIs** using Node.js, Express.js, and Prisma for authentication, events, participation, and social features.
- Implemented **real-time chat and event updates** using Socket.IO for live communication and participation tracking.
- Built **geospatial event discovery** using PostgreSQL and Maps APIs to find nearby events based on location and interests.

Technologies / Tools Used : React Native, Expo, Express.js, PostgreSQL, Prisma ORM, Clerk, Socket.IO

README-AI (npm Package) | 🌐 AtharvaShirke95032 🌐 🌐

Nov 2025 - Jan 2026

Developer

- Built and published an **AI-powered CLI tool** with **750+ npm downloads**, automatically generating professional README files from project structures.
- Designed a **zero-configuration npx workflow** with automated project structure detection, reducing setup to **1 command**.
- Integrated **Google Gemini API** through a secure backend with **rate limiting** for controlled public usage.
- Automated documentation generation across **multiple project structures**, reducing manual README creation effort.

Technologies / Tools Used : Node.js, GeminiApi, javascript, npm

SKILLS

Databases : MongoDB, PostgreSQL, Redis, Supabase, MySQL

Frameworks & Libraries : React.js, Next.js, Tailwind CSS, AngularJs, Express

Languages : English, Hindi, Marathi

Programming Languages : JavaScript, SQL, C++, TypeScript

Soft Skills : Communication, Teamwork, Critical Thinking, Decision Making

Tools & Platforms : Node.js, Express.js, Git, GitHub, Prisma, Supabase, Socket.IO, Redux, REST APIs, Postman

EDUCATIONS

Terna Engineering College | Navi Mumbai, MH

2023 - 2027

Bachelor of Technology in Computer Science and Engineering

- Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Object-Oriented Programming, Software Engineering

AWARDS & ACHIEVEMENTS

- Gaining exposure to open-source development and industry practices
- Participated in OOSC 2025 and associated hackathon

LEADERSHIP & RESPONSIBILITY

Core Team Member & Webmaster

College Tech Fest

Jan 2023

- Led development of the official tech fest website, ensuring a **responsive and engaging user experience**.
- Managed website deployment and updates, supporting event communication and registrations.
- Coordinated with cross-functional teams (design, marketing, operations) to deliver event requirements.
- Contributed to overall event execution as part of the core organizing team.
